McCULLOUGH TO BE ENGINEER FOR INTERIM

Joe McCullough was directed by the Coffee County Board of Commissioners Monday to take over temporarily the operations of the County Engineer's Office until a permanent successor for H. S. Langley is selected.

McCullough resigned effective Sept. 1, 1959, in preparation for the beginning of regular classes.

The board appropriated \$900 to the Soil Conservation District in complying with a request from Elmer Bryan, Marlin Montes, Ira Allen, Charles Malloy and Marion G. Sanders, members of the district board. The money was made payable January 1, 1960.

Commissioners voted authority to themselves to attend the Alabama Probate Judges and Commissioners Convention in Birmingham August 27-29.

Present Monday were Judge J. O. English, who presided, and Commissioners Bowden, Whitman and Brown. Commissioner Thill was absent due to illness.

ELBA CAPTURES CHAMPIONSHIP IN PONY LOOP

By Bobby Inman

The Elba Pony League baseball team took the Coffee County Pony League Championship as the locals defeated Enterprise 12-3 last Thursday night in the finals of the Coffee County Tournament. The locals rode the three-hit pitching of Ronnie Young to an easy victory after they broke a 3-2 tie in the sixth.

Young, who struck out 18 in eight and a half innings before the game was stopped when the Elba infield allowed several Enterprise hits to go through the Elba Ace in late innings, finished his season against no hits in five games, yielding only 6 walks while giving the full distance on the mound.

Enterprise used four different pitchers, the losing pitcher was Merrill Tanner.

Late inning triples by Mickey McCullough and Gary Hudson were the big blows in the game. Donnie Flowers also contributed to the Elba attack with two hits, a double and a single.

Starting Line-up
Pitcher, Ronnie Young; Catcher, Mickey McCullough; First Base, Gary Hudson; Second Base, Claude Devane; Shortstop, Donnie Flowers; Third Base, Tony Hudson; Left Field, Jimmy Sanders; Center Field, Jimmy Sanders; Right Field, Ronald Jacobs.

In the consolation game, played at 7:00, Goodman defeated Pine Level 9-0 behind the no-hit, no-run pitching of Martin. The loser, Hollis, allowed only three hits, but six errors by Pine Level determined the victory.

Victory Sunday At West Side Planned
Victory Sunday will be observed Sunday, August 30, by West Side Baptist Church, of which Rev. Wesley Bozeman is pastor, with the objective to raise \$1,000 for the Building Fund.

Every Fifth Sunday has been set aside as Victory Sunday and each of the last three such days has been reached. Services will include Sunday School at 9:45 a. m., preaching at 11 a. m., dinner at the church, Training Class at 6:30 p. m. and preaching at 7:30 p. m.

Schools Of County Prepare For 3,000

An enrollment of over 3,000 students is expected in Coffee County schools, outside Elba and Enterprise, when they open for registration next Thursday, Sept. 3, in preparation for the beginning of regular classes.

Regular bus schedules will be maintained and teachers will be in their classrooms for registration next week with several new principals and teachers.

The day before registration, teachers will meet in their respective schools for a faculty meeting Wednesday morning, Sept. 2. That afternoon representatives from each school will meet in the office of School Superintendent C. E. Peacock to plan for the year's In-Service Program.

The day after registration, Friday, Sept. 4, will be a day of workshop for all teachers.

Institute for colored teachers will be held at New Brockton Colored School Saturday, Sept. 5, beginning at 1:30 p. m.

County schools will have three new principals and several new teachers this year. New principals will be Leon Hornsby at New Hope, Wilson Dyes at Basin and Nelson Whitehurst at Pine Level.

Following are the schools and teachers with grades to be taught:

Basin
Wilson Dyes, 7-8, 9; Principal, Addie B. Martin, 4-5-6; Donnie C. Moody, 1-2-3.

Basin
Norman D. Green, 7-8-9; Principal, Mrs. Ed Hornsby, 4-5-6; Rea Young, 1-2-3.

Pine Level
Nelson Whitehurst, 9; Principal, Mary T. Carnley, 6-7-8; Pearl B. Mosley, 4-5; Claude L. Smith, 1-2-3.

Damascus
Neil Young, Jr., Principal; Harry Jacobs, 7-8; Jessie W. Hix, 5-6; Cora A. Ham, 3-4; Ruth C. Pope, 2-3; Mary E. Rowe, 1-2.

Fairview
T. W. Pierce, Jr., Principal; Annie L. Vaughn, Junior High; Margaret A. Johnson, 6; Eva D. Person, 5; Sylvia T. Lowery, 4; Cupdian M. Crook, 3; Myrtle L. Pierce, 2; Lucile Wise, 1.

St. Pleasant
J. E. Foster, Jr., Principal; Georgia McCall, 8; Mrs. C. E. Peacock, 7; Milton P. Trawick, 6; Patsy B. Britt, 4-5; Estelle S. Green, 3; Mary P. Nichols, 2; Elizabeth Foster, 1.

Zion Chapel
Bill Daugherty, Principal; Levey L. Policy, Coach; John C. Windham, Science; Faye Whitaker, Commercial; Jessie M. Hornsby, Math; Annabelle Wilkes, English; Sara D. Green, 8; Madie B. Green, 7; Kitty M. Johnson, 2-4; Wayne T. Brown, 2-3; Kate C. Fuller, 1.

New Hope
Leon Hornsby, Principal; Jimmie P. Prestwood, Junior High; Merle T. Bragg, 6; Haugbie P. Boutwell, 5; Sara S. Tillman, 4; Tene B. Witke, 3; Mylene M. Wise, 2; Eutoka Johnson, 1.

Goodman

REGISTRATION IN SCHOOLS TO BE THURSDAY

The doors of Elba City Schools will open next week to over 1,500 students in a record enrollment amid plans for new facilities to accommodate the increase.

Action of the Alabama Legislature, in the special session, has cleared the way to pay higher salaries to compete with those paid in neighboring states and for new classroom construction.

Plans for higher salaries and new classrooms are still far from definite but school officials are optimistic that the way has been cleared.

Starts Wednesday
In-Service Training programs in the Elba City schools will start the new year Wednesday, Sept. 2 with a program devoted to the Alabama Education Association with Mrs. Dixie Deal, president of the local unit, in charge of the morning session and Superintendent S. J. Casper in charge of the afternoon session.

Registration of all students will be held Thursday morning with opening exercises at 9 a. m. in the Elba High School auditorium for all except the first four grades which will meet in their respective schoolrooms.

Because the auditorium lacks seating capacity for the entire school.

The In-Service Training program will be resumed Thursday afternoon and Friday devoted to development of the student guidance program. High school teachers meetings will have Dr. Wilbur Tinsler, of A.P. Burns, as consultant.

Superintendent Casey said that all children entering first grade must be six years and under October 1, this year, and must have birth records before they registered last Spring. They must also have typhoid and smallpox inoculations.

Regular classes will begin Monday, Sept. 7.

Elba Colored School
In-Service Training program of the Elba Colored school will begin Wednesday, Sept. 2, at 10 a. m. with the theme "The Value of Testing and Evaluation in the School Program."

The faculty will be divided into three sections: Elementary, Junior High and Senior High with discussions led by Mrs. Ida Mae Carline, Mrs. Sylvia Terrell and Gaynes Waters. Registration of students will begin Thursday, Sept. 4, at 8 a. m. and the regular Teachers Institute will be held Friday, Sept. 5 at 1 p. m.

The complete facilities of the Elba schools with their grades and subjects are as follows:

Elba High School
Marion Brunson, Principal; George L. Grider, Social Studies; and Coach; Robert Hall, Band Director; Mrs. Kate Ham, Mathematics; R. S. Jones, Vocational Agriculture; Mrs. Olen K. Kendrick, English; Mrs. Ethel B. Larkins, Mathematics; Mrs. Helen A. McCulloch, Commercial; Mrs. L. L. Strickland, Coach and Physical Education; Mrs. Sybil R. Taylor, Home Economics; Mrs. Althea C. Prescott, Mathematics and Science; Mrs. Jane Weeks, Girls Physical Education; Mrs. Miriam Kennedy, English; Mrs. Jean King, Social Studies; Mrs. Catherine B. Spurr, English; Miss Clara Talley, Librarian; Dean Allen, Social Studies; Elmer Taylor, Diversified Occupations; Miss Nancy Cowart,

Colored Bus Drivers
Cross Roads, James W. Flowers; New Brockton, Horace Johnson, A. A. Kelley, J. T. Holley and Ray Strunk; Elba, Ernest Ellison, Elbert MacMillan, Tom Ware and T. G. Young; Coffee County Training, C. W. Harrison, W. C. Anthony, the Williams and W. M. Gartin.

Colored School Board
E. C. Brooks, chairman; R. T. Enterprise; W. J. Brown, vice chairman; R. T. Jack; Haywood Taylor, Elba; H. J. Harrell of Enterprise and Charles A. Mallory, Kingston.

Unvaccinated Dogs Object of Drive
Elba police will start a drive next Tuesday, Sept. 1, against dogs without inoculation against rabies with authority to shoot any dog without a collar.

City Ordinance and state law requires all dogs over three months old to be inoculated.

Veterinarians estimate that only 25 percent or 30 percent of dogs in Elba have been vaccinated.

Elba Drivers Win Micro Midget Races
Racers from Elba won three first places in Micro Midget races in Dothan last Sunday. Races will be resumed at the track just off Opp highway, near the Elba city limits Sunday at 2:30 p. m.

In the fast car heat race, Ben Carpenter of Elba was first and Fred Young of Elba, second; in the consolation Mack Moore of Elba was first and Earl Stinson third; in the main event Ben Carpenter of Elba was first, Mack Moore of Elba second, and Earl Stinson fourth.

Officers of the Elba Micro Midget races are Joe F. Martin, president; Ray Trammell, vice president; and J. S. Moore, treasurer.

CLINIC SEET
A Crippled Children's Clinic will be held at Geneva Friday, August 28, and free transportation will be furnished from Coffee county by bus with the following departure schedules: Elba Court House 8 a. m.; New Brockton white school 8:30 a. m.; Enterprise Health Clinic at 9:30 a. m.

TAX DEADLINE
Most people pay taxes of some sort and usually there is a deadline date when that tax is due. Employers of domestic are faced with such a deadline as they are required by law to report quarterly the cash wages they pay to their household workers if these payments amount to \$50.00 or more during the calendar quarter.

LEROY GREEN DAVIS
Leroy Green Davis, 88, of Elba, died Thursday, August 20, at his home. He is survived by three daughters, Mrs. Isaac Moore of Elba; Mrs. Luma Daugherty of Columbus, Ga.; and Mrs. Carmel Tydings of Chattanooga, Tenn.; seven sons: J. L. M. S. C. P. and J. B. Davis, all of Elba; D. G. Davis of New Brockton; and Roy Davis of Columbus, Ga.; one brother, T. J. Davis of Samson.

Funeral services were held Friday from the Liberty church of Christ with Minister Neil Young officiating. Burial was in Bethel cemetery.

STARTS TOUR OF EUROPE TO PUSH MARKETS
Orders for Dorsey trailers are being received at more than twice the rate this year as last, Horton Pick, vice president in charge of sales, told a Dorsey sales training school for distributors and salesmen at Trey Thursday, Friday and Saturday last week, then left for Europe to develop new outlets abroad.

Mr. Pick told the assembled salesmen and distributors that at the end of July we have received over twice as many orders as we did the first seven months of 1958. While the trailer business in general is good, we know of no other company which has doubled last year's sales.

New models were exhibited at the school which was concluded with a tour of the Dorsey plant in Elba with all present enthused over future prospects.

The school was attended by Mr. Pick, Dyles Meredith and Frank Mulaz, of the sales division; George Collier, president; Henry Dorsey, assistant to president; Kimmy Dorsey, executive vice president; J. Allen Williams, regional sales manager; Noah Norman, vice president in charge of engineering; Roy Becher, chief, research and development; Doc Lyons, chief engineer, bulkmaster division; George Ford, sales manager, bulkmaster division; R. A. Sewell, vice president in charge of manufacturing.

Mr. Horton Pick left Friday, August 21, to visit France, Belgium and Holland, and will call at the Dorsey branch office in Düsseldorf, Germany.

Coffee Bookmobile Routes For 2 Days

FIRST, LET TEMPEERS COOL

The Elba City Council is considering whether or not to keep Patrolman Jack Parker on the police force.

The Elba Clipper has no concern officially with the personal welfare of Jack Parker, whether he has a job or doesn't. But there is a bigger issue involved than Jack Parker's job.

That is the issue of law enforcement in Elba. We believe that it would not be a salutary thing for City Council to do anything which might be construed as a failure to back up a law enforcement officer.

If Jack Parker has overstepped the bounds of his authority, then let action be taken after tempers have cooled while he is under fire. To remove him from the force now could only have the effect of putting a damper on the efforts of other officers to enforce the law.

To quote Julius Caesar in the Roman Senate: "It becomes all men who deliberate on dubious matters, to be influenced neither by affection, hatred, anger, nor pity. The mind, when such feelings obstruct its view, cannot easily know what is right; nor has any human being consulted, at the same moment, his passions and his interest. When the mind is freely exerted, its reason is sound; but passion, if it gain possession of it, becomes its tyrant, and reason is powerless. Caution—that you may not regard your indignation more than your character."

Man freed of his passions, is perfect. Now is the time for mutual friends of antagonists, who originally numbered only two but have recently increased in number, to remember the obligations they took before the altar to try to prevent strife between their brothers.

The alternative is that one act of retaliation only leads to another, steadily drawing more persons into an ever-widening vortex, until in the end it is difficult to say which side has suffered most.

one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet trucks with Powerglide walked away with the first two places in their class—got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 23.38 miles per gallon. That's the kind of economy engineering that keeps you saving while you drive!

BEST STYLE—It's the only car of the leading low-priced class that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by N.A.S.A.R., Chevy outstopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ROOM—Official dimensions reported to A.M.A.I. make this abundantly clear: Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE—MOTOR TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is the Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

NASCAR Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ROOM—Official dimensions reported to A.M.A.I. make this abundantly clear: Chevy front seat hip room, for instance, is as much as 5.9 inches wider than in comparable cars.

BEST RIDE—MOTOR TREND magazine names Chevy "the smoothest, most quiet, softest riding car in its price class." But this is the Chevy feature you really should discover for yourself, at your Chevrolet dealer's. Stop by soon!

Brantley Gin Co.

W. Donald Bailey Brantley, Alabama

HERE'S HOW
You Will Benefit By Using
BRANTLEY GIN CO.'S
NEW MOSS LINT
CLEANERS!

1. Will raise your cotton One Full Grade.
2. Will make you more Dollars on every Bale.
3. Will give you uniform staple length and better color.
4. Will keep your lint less at a minimum.
5. Combs your cotton as it's cleaned as it's bloomed.

Daily good grades of cotton that OUR MOSS CLEANERS are giving are broadcast over Opp radio station from 12:15 to 12:30. Listen each day for the latest grades.

Strict low middling 1 1-16 inch staple will bring 32.53 cents per pound. When Moss cleaners raises the grade to Middling 1 1-16 staple, it will bring 36.13 cents per pound, saving the farmer \$18.00 per bale.

Brantley Gin Co. has spent over \$16,000 to add Moss Lint Cleaners to our gin! This is for your benefit! Not one cent has been added to ginning costs! We can benefit from this new equipment only by adding new customers!

FARMING AROUND

By Mark Welsh

When buying farm machinery, it is well to invest your money wisely. It will pay the most, despite varying conditions, you can get a pretty accurate answer to this riddle by determining the number of acres on which equipment will be used, then drawing up a budget of fixed and variable costs per acre.

Investment, insurance, taxes and depreciation, interest on investment, if needed. The variables include fuel, oil, lubrication, repairs, supplies and the amount of labor needed to run the equipment. If the cost-per-acre is less than the rates charged by custom operators, ownership probably would be desirable.

Improve Woodlands
Did you know that for \$7 to \$9 per acre you can have your woods sprayed by air and kill out virtually all of the hardwood trees? The U. S. Department of Agriculture, and various states have compiled lots of information on this method of improving woodlands. It's worth looking into if you have much woods.

The finishing touches are being applied to the Opp-Elba highway this week and unless weather interferes, the entire road will be opened to traffic the latter part of the week. The road from Elba to Danley Cross Roads has already been sealed and is now open.

Farmers May File For Reserve Rate
Farmers should bring along the necessary information when they file a request for a basic Conservation Reserve Rate at the County Agricultural Stabilization and Conservation Office, according to Lester Gunter, chairman of the County ASC Committee. The deadline for requesting that a basic annual rate per acre be established for land offered under the 1960 program is Sept. 10, although requests may be filed at the County ASC Office as early as August 24.

The County office has regular forms to be filled out when farmers apply for a basic rate.

Whoever is honestly laboring to learn the principle of music and practice it, seldom calls on his teacher or musician to practice for him.

one of 7 big bests Chevrolet gives you over any car in its field

Proof that Chevy delivers the most miles from a gallon comes from an indisputable source: this year's Mobilgas Economy Run. For a pair of Chevrolet trucks with Powerglide walked away with the first two places in their class—got top mileage, in fact, of any full-sized car. Over the Run's long, rugged course, over mountain and desert in the long, long haul from Los Angeles to Kansas City, the winning Chevrolet averaged a whopping 23.38 miles per gallon. That's the kind of economy engineering that keeps you saving while you drive!

BEST STYLE—It's the only car of the leading low-priced class that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST BRAKES—In competitive tests of repeated stops from highway speeds, conducted by N.A.S.A.R., Chevy outstopped both of the "other two." Naturally—Chevy brakes with bonded linings are far larger, built to lengthen brake life by up to 66%.

BEST TRADE-IN—Look at the record—the used car prices in any N.A.D.A. Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST ENGINE—Chevrolet engines have long won expert praise and, just recently, Chevrolet received the

Through the Keyhole

BY MRS. ROBERT CANNON

ONE OF THE LOVELIEST PARTIES we've attended was held recently at the home of Mrs. Lee English, when she entertained with a Sunday afternoon reception honoring Bert and his attractive bride, Barbara. From the minute Laura English opened the front door to us we completely

held pink and green bisque flowers. To the left center a magnificent silver candelabra held five pink candles, the base of each candle being encircled with a wreath of pink and pastel pink blossoms.

Behind the table, on the buffet, was a large arrangement of pink carnations. A grouping of three candles, the center one much taller than the others, was dramatically placed on one side to balance a bride and groom arrangement at the other end.

In the family room, a cheerful yellow was used in the large arrangement of gladioli that provided a background for the second punch table. This, too, was covered with a beautiful cutwork cloth and centered with a large crystal bowl. Serving here and in the dining room, besides those already mentioned, were: Carolyn King, Betty Brunson, Elma Brunson, Nell English, June

joyed the party-meeting Barbara, her parents and Nona Smith's fiancé, who were all in the receiving line; seeing V. Bill and Billy English of Montgomery, who are always so very pleasant, chatting with Mr. and Mrs. John Brunson as we were served dainty sandwiches by two beautifully dressed couples.

Professor H. D. Bruhn of Wisconsin reported recently that his team of hay waters could be stored in the space needed for one ton of loose hay. Making hay into pellets and wafers is a big step in the right direction which will save many steps in the wrong direction.

Whoever is honestly laboring to learn the principle of music and practice it, seldom calls on his teacher or musician to practice for him.

—Mary Baker Eddy.

SOIL CONSERVATION NEWS

By T. C. Self and Joe Wildman, S.C.S.

Methodist Youth Retreat Is Set

The Older Youth (18-23 years of age) of the Alabama West Florida Conference will gather at Blue Lake Camp Sept. 4 - 7 for their annual Spiritual Life Retreat. The theme "Religion as Creative Insecurity" will be explored through discussion, worship, and study using Dr. Peter Bercel's recent book by the same title.

Rev. Charles M. Probst, Jr., pastor, the Elbow Methodist Church will serve as speaker and resource leader. Persons may register by sending their name and \$5.00 to the Youth Department, Board of Education, 1159 Woodley Road, Montgomery.

Elba High Grad On Duty In Germany

Pvt. Donald R. Kelley, 23 son of Mr. and Mrs. Hubert Kelley, Elba, recently completed the six-week wheeled and tracked vehicle maintenance course at the Army European Engineer - Ordnance School in Murnau, Germany.

Kelley is regularly assigned as a parts clerk in the 2nd Artillery's Battery B in Baumholder. He entered the Army in November 1958 and arrived in Europe last April.

Kelley is a 1953 graduate of Elba High School.

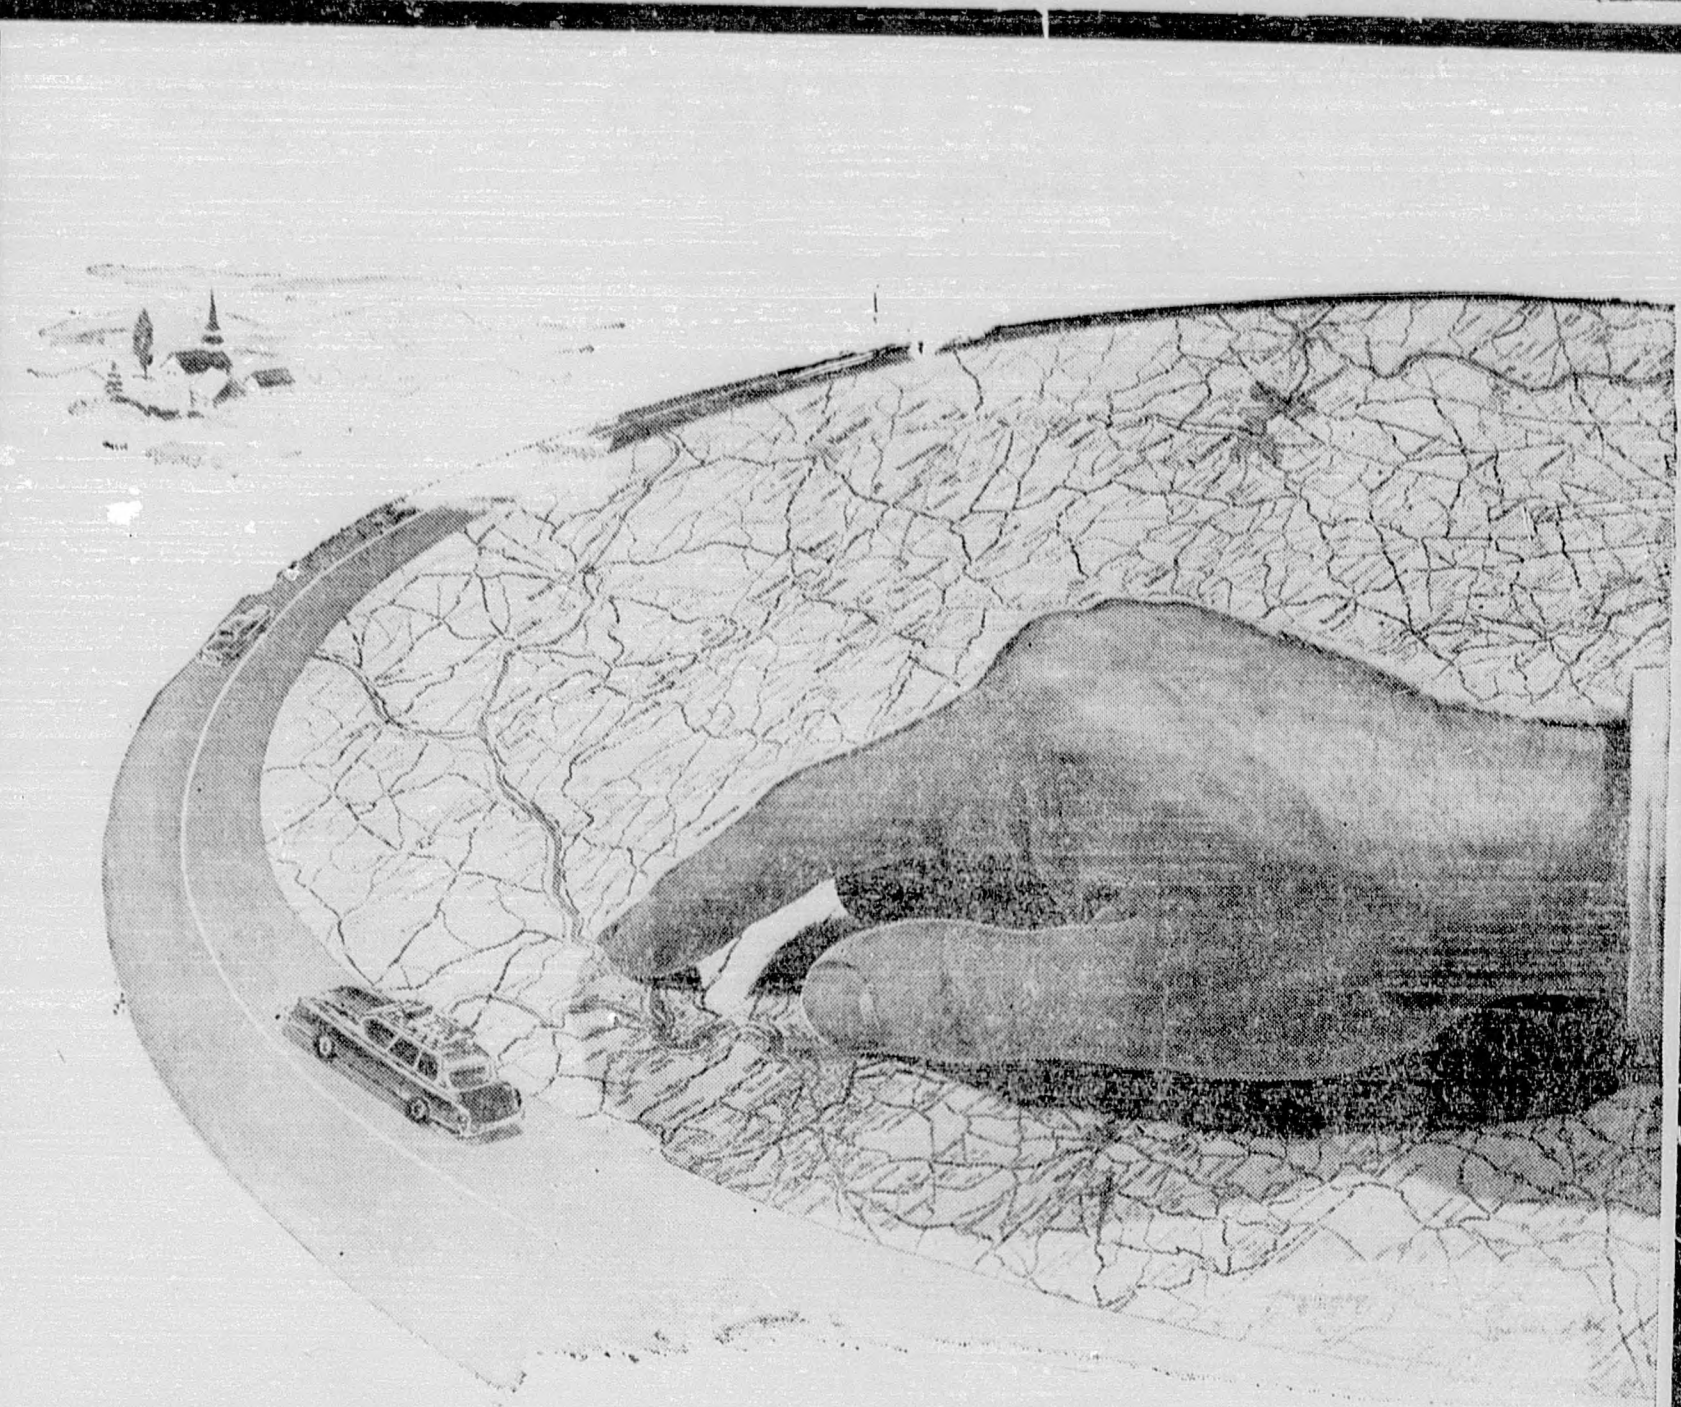

Bill Aiken, woodland conservationist for the Soil Conservation Service, was in Coffee county last week. Assistance was given Lister Brunson and Ned Polmar with conservation farm plans on land devoted to the growing of timber products.

Aiken stated that land devoted to growing timber must be treated as a crop. Since we expect to prepare, plant, cultivate and harvest row crops under given conditions, then we should learn and apply proper woodland management practices.

For those questioning the future demand for woodland products, we note the growth of forest products to fifth place among the nations major industries. Paper companies are spending millions of dollars each year for new and expanding facilities. Many of these new plants are in the South.

With the fire season approaching, it is necessary that we keep fire away from woodland.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Isaiah	40	28-31
Monday	Romans	1	8-12
Tuesday	Acts	3	19-20
Wednesday	Psalm	34	14-18
Thursday	1 Peter	2	6-11
Friday	Philippians	4	4-9
Saturday	John	10	27-30

Wings for a journey...

Vacation time—a trip; magic words, excitement! We study a map, read travel books, and listen eagerly to others who have taken the same journey. We anticipate seeing new places, new people, and unusual things. The routine of everyday will be forgotten.

But sometimes a trip is impossible, and we must accept the hurry and anxiety of everyday living.

Then it is that we need to plan a journey of mind and spirit—one that can lift us out of the ordinary into peace and communion with our God—one that refreshes and strengthens.

For this journey we do not need an airplane. Instead, we use the powerful wings of prayer, of praise and trust.

Come to Church and find these wings of the spirit, not for a brief journey—but for all eternity.

4-H NEWS Round-up

BY TOM CASADAY • ASSISTANT COUNTY AGENT

All Coffee county 4-H Club boys and others know that school is starting in the next few days, and with the opening of school our boys and girls will take on new responsibilities. Most boys and girls will be in a higher grade, taking new subjects, making new friends, and renewing acquaintances. School days are wonderful days for those who want to improve, and certainly all of our boys and girls want to do the very best they can in their school work this year.

I don't want to use the time worn phrase "study hard and keep up with your classes" but I really can't think of any other way to put it. Making good grades, of course, is important from the standpoint of knowledge your subject matter, but there is a lot more to it than this. The grades you make in Junior high school and high school may in the future decide whether or not you are admitted to college. And even after you are admitted, a lot of students must take subjects for which they do not receive any credit. Boys and girls you will have someone asking for your high school grades years and years from now.

It is smart to do the very best you can in school this year. Good Practices—Farm visits in the past few days convinced me that our educational work on using enough of the right kind of fertilizer is important to our boys in making high yields of crops. I talked to Jimmy Wise of Fairview Club a few days ago and also to Ray Carney of the same club. We saw their corn demonstrations. Both boys in the same field with their dad's. The corn was planted at the same time. Both used the

same kind of fertilizer under the corn when planted, but they opened the fertilizer distributor a little more and put more down per acre.

At the 2nd cultivation, the boys and their dad put nitrogen to the corn, but the boy put down more nitrogen per acre than their dad's. Later we had a lot of rain and then it turned off dry. Jimmy's and Ray's corn stayed green all through the rainy and dry weather. The corn next to theirs turned yellow from lack of nitrogen. This points out the need for fertilizing our corn properly.

Feeder Pig Sale—Coffee county 4-H boys will have an opportunity to sell good quality feeder pigs on Tuesday, Oct. 20, at the Oak stockyards. This special feeder pig sale is the second to be held in Clark.

I would like to have several boys enter 40-50 pound feeder pigs in this special sale. So boys if you are interested in getting a top price for your feeder pigs, be sure to let me know sometime in September. Pigs born this week or last week should be just right for this special sale.

4-H Club Meetings—Mrs. Wakefield, Mrs. Hutchinson and I are certainly looking forward to meeting with the 4-H Club boys and girls, local 4-H leaders and school principals in all schools in the county the latter part of Sept. We think the boys and girls in the county are fortunate in having a group of highly dedicated teachers and school officials in the county. And all of us in the County and Home Agents office certainly appreciate the fine cooperation given us by the people in the schools, the superintendent of education, and others connected with our school system.

'TRUTH IS THE AIM OF

'ALL RESEARCH'

Recently a research study was performed to find out if people really read the directions and warnings printed on the labels of patent medicines. Any medicine can be harmful if improperly taken, or if used when the ingredients are contra-indicated.

It was discovered that a very large number of people do not completely read the directions, heed the warnings, or study the formula. If simple patent remedies are always as safe as some of the ads state, why are cautions about their use required by law to be printed on the label? The truth is that all medicines should be secured from a pharmacist. We can warn you against any possible danger.

ELBA EXCHANGE BANK

You Are In This Picture -

I have noticed the biggest crowds in food stores which advertise in their local paper. That's true anywhere. It's a reason for that. They can offer the best values because they know the newspaper will tell their customers. It brings still more customers. That enables them to "turn over" their merchandise at a faster clip. Because they more, then can offer better values. Their values bring more customers. It's a continuous cycle.
